

Writing Guide Strategy / Approach Selection

Need to be addressed:	
Goal:	
Strategy/Approach	
1. Why did you select this strategy or approach?	<ul style="list-style-type: none"> • Describe the key elements of the strategy/approach and how they directly address your student/program needs and goals. • Cite references to particular studies/research that support your claims(s).
2. How did you determine that these research studies are "sound, rigorous and valid"?	<ul style="list-style-type: none"> • Describe the process you used to make this determination, make your argument?
3. Why do you believe this is the best/most appropriate approach for your particular situation?	<ul style="list-style-type: none"> • Provide examples/cite research studies that support your claim of this approach being the most appropriate. • Highlight specific conditions/context that are unique to your site (student populations-ELLs, culturally diverse, rural/urban, low SES) and describe how this strategy/approach addresses these issues. Cite references to particular studies to support your claim.
4. How did your team make this decision/selection of strategy / approach?	<ul style="list-style-type: none"> • Describe the steps you took be specific. (Examples: 1) conducted literature review 2) leadership discussion/study groups) • Was "professional judgement" used to make this decisions/selection? <ul style="list-style-type: none"> - If yes, what issues were considered? - Was a specific process used to make decisions - Did certain beliefs, philosophies or expectations play a role in this decision?
5. Other
